**Claim Rejections Under 35 U.S.C. §112, first paragraph**

**Written Description Rejection**

The Examiner has rejected claims 16-18, 28, 29, 31-33 and 35-37 under 35 U.S.C. §112, first paragraph, alleging that the subject matter was not sufficiently described in the specification. In particular, with respect to claim 28, the Examiner is of the opinion that there is no statement or suggestion in the specification that protein/RNA interactions can be determined when the protein is labeled with an acceptor dye, while at the same time the RNA is labeled with a donor dye.

In an effort to advance prosecution, Applicants have amended claim 28 to be directed to the situation in which the donor is attached to the protein and the acceptor is attached to the RNA. As acknowledged by the Examiner, support for this language can be found on page 10, paragraph [0026] and in original claim 15. Applicants have also amended claim 35 to be consistent with the language in claim 28. In view of these amendments, Applicants respectfully request withdrawal of the Written Description rejection.
